## **II. Description of Programs and Potential Disclosure of Information Claimed as Confidential Business Information to Contractors**

EPA's Office of Atmospheric Programs (OAP) has responsibility for protecting public health and the environment by addressing climate change, protecting the ozone layer, and improving regional air quality. In response to the FY2008 Consolidated Appropriations Act (H.R. 2764; Public Law 110-161), EPA created the Greenhouse

Gas Reporting Program (GHGRP), 40 CFR part 98 (Part 98), which requires reporting of greenhouse gas (GHG) data and other relevant information from large sources and suppliers in the United States. The purpose of Part 98 is to collect accurate and timely GHG data to inform future policy decisions. Some of the information submitted is designated or claimed to be CBI. Such information is handled in accordance with EPA's regulations in 40 CFR part 2, subpart B and in accordance with EPA procedures that are consistent with those regulations.

EPA has, at times, determined that it is necessary to disclose to EPA contractors certain information that has been designated or claimed as CBI. When this occurs, the corresponding contract must address the appropriate use and handling of the information by the contractor. In every instance, the contractor must require its personnel who need access to information designated or claimed as CBI to sign written agreements before they are granted access to the data. In addition to contractors' requirement to sign written agreements prior to being granted access to CBI, EPA is also required to give notice in accordance with 40 CFR 2.301(h)(2)(iii). EPA has determined that the contractors, subcontractors, and grantees (collectively referred to as "contractors") listed below may require

access to data submitted to EPA under the GHGRP that is designated or claimed as CBI. EPA is providing notice and an opportunity to comment and is issuing this Federal Register notice to inform all reporters of information under Part 98 that EPA may grant access to material that may be designated or claimed as CBI to the contractors identified below, as needed. EPA may also grant access to materials that may be designated or claimed as CBI to any of the listed subcontractors, as needed, but does not necessarily anticipate granting access to all of the listed subcontractors.
